

New Trail-Ready Kitari DMX Tactical Boot from Reebok Work

For Immediate Release

Media Contact: Sam Sproull

smsproull@warsonbrands.com

St. Louis, MO (April 2, 2026) Warson Brands, official licensee of Reebok Work, expands its tactical boot lineup with the launch of the **Kitari DMX Tactical**, a 6" men's soft toe boot designed to deliver athletic comfort, weather-ready protection, and secure traction across unpredictable jobsite conditions.

The **Kitari DMX Tactical** features **DMX Dynamic Moving Air** cushioning, engineered to shift air with every step for responsive comfort throughout long shifts. A **Hydrotex** waterproof construction helps keep feet dry in wet conditions, while the trail-inspired lugged rubber outsole provides reliable slip resistance no matter where the job leads.

The boot's action leather and mesh upper balances durability with breathability, and inside, a Memory Tech Massage 2.0 removable memory foam footbed delivers cushioned support and comfort underfoot. Designed with safety in mind, the **Kitari DMX Tactical** is metal-free, ASTM F2892 compliant, and offers Electrical Hazard (EH) protection.

It's built for those who need comfort that moves with them, protection they can rely on, and traction that performs across changing environments.

Retailers interested in purchasing, learning more about, or viewing marketing and sell-through support for the **Kitari DMX Tactical** Series can
